

## Intentions vs. Expectations

**Intentions :: Quality of Life**

Intentions: The Quality you hope to give

**Expectations :: Quantity of Outcome**

Expectations: Quantity to receive

**Respond to the Questions:**

1. What are my intentions for my life?
2. What are my intentions for those closest to me?
3. What are my expectations of myself?
4. What are my expectations of others?

### **Too Slow When it Comes to Love :: WE CHOP AND SCREW**

**“Don’t let how people let you down slow you down.”**

When people from the past don’t meet our expectations, we chop and screw our intentions for present relationships and our love ends up screwed up.

5. What is a memory from the past that chops and screws my present?

**Matthew 6:33** “But seek ye first the kingdom of God and all these things shall be added unto you.”

The *Kingdom of God* is good intentions for the quality of life in the world.

6. What does seeking first the kingdom of God look like in the circumstances around my response to #5?

Bring your thoughts and questions this Sunday! Marc Newsome will guide us through his intentions as a director and co-curator of Our Image Film and Arts Festival, and how he traverses unmet expectations.
